Navigating the COVID-19 Situation

Keppel REIT's properties in Singapore, Australia and South Korea remain accessible to tenants that are operational during COVID-19

Certain measures implemented by the Government:

South Korea

 Social distancing advisory from the government but there is currently no general government measure mandating the closure of all office buildings

Singapore

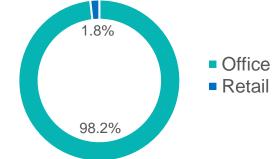

- Temporary closure of non-essential businesses during "Circuit Breaker"
- "COVID-19 (Temporary Measures) Act 2020" may provide temporary relief during prescribed period to tenants unable to fulfil contractual obligations where the inability is to a material extent caused by COVID-19⁽¹⁾

Australia

- Temporary closure of non-essential services amidst lockdown measures
- "Mandatory Code of Conduct" issued by the National Cabinet, focusing on SMEs with turnover below \$50m, which seeks to protect eligible tenants from termination of leases and entitles eligible tenants to rent reductions⁽²⁾

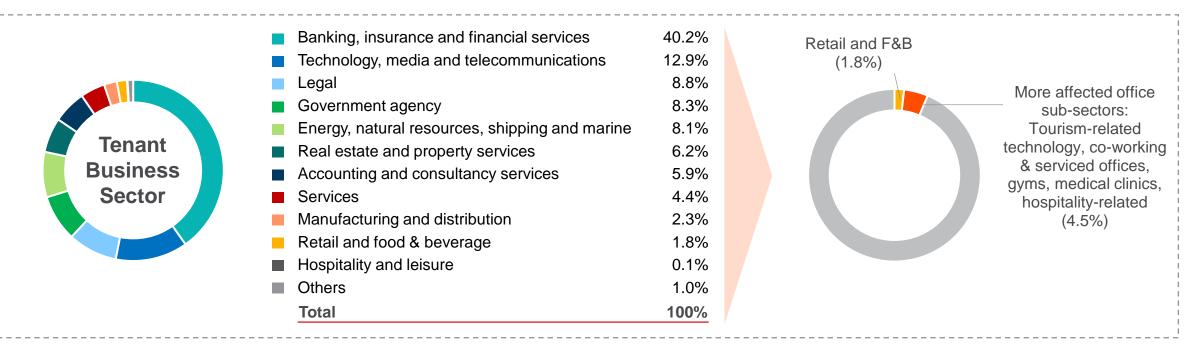

- (1) Tenant's obligations are not cancelled, instead rental payments will continue to accrue. Applicable to contracts in which the obligations have to be performed on or after 1 February 2020, excluding those entered into on or after 25 March 2020.
- (2) Only applicable to SMEs with turnover of \$50m or less, and who are eligible for the federal Jobkeeper program. One of the main criteria for a business to be eligible for the program is a projected reduction of revenue by more than 30% due to COVID-19. Rent reductions may consist of a combination of waivers and deferrals where rental waiver must be no less than 50% of the total rent reduction.

Navigating the COVID-19 Situation (Cont'd)

Keppel REIT's established tenants from diversified sectors, high portfolio committed occupancy and long WALE will continue to support the REIT's income resilience

- Keppel REIT's tenant base is largely anchored by established blue-chip tenants.
- Retail and F&B sector takes up approximately 1.8% of attributable NLA, while office sub-sectors that are more affected by lower footfall and tourism form approximately 4.5%

Navigating the COVID-19 Situation (Cont'd)

Safety as Priority

- Precautionary health and safety measures implemented across all properties
- With social distancing measures:
 - Construction works continue at 311 Spencer Street but at a slower pace. Expected handover by end-2Q 2020⁽¹⁾
 - Leasing activities have slowed with site visits stopped and companies more cautious

- Tenant support measures rolled out to support business continuity :
 - **Retail tenants in Singapore:** Full pass-through of the 100% property tax rebate; Eligible retail tenants also given full rental waiver for April 2020⁽²⁾, as well as ability to utilise one month's security deposit to offset rent payment
 - Office tenants in Singapore: Full pass-through of the 30% property tax rebate
 - Australia & Korea tenants: Support measures in line with the relevant government advisories will also be extended to all qualifying tenants
- ~\$9.5m of relief measures inclusive of government property tax rebates⁽³⁾

- Refinanced majority of loans due in 2020 and received commitments for the remainder
- ~\$966m of undrawn credit facilities, of which ~\$400m are committed facilities
- Capital gains available from past divestments to enhance stability of distributions

Subject to any further COVID-19 related measures that may be imposed by the Australian Government.
This replaces earlier announced relief measures so as to provide tenants with more immediate assistance.
Estimated property tax rebates from the Singapore Government amount to ~\$8.2m.
