Dear Sir/Madam

1 INTRODUCTION

1.1 Summary

We refer to the Notice of AGM dated 28 March 2025, and Ordinary Resolution 7 (“**Resolution 7**”), Ordinary Resolution 8 (“**Resolution 8**”) and Ordinary Resolution 9 (“**Resolution 9**”) set out therein.

The purpose of this Appendix is to provide Unitholders with information relating to the:

- (i) Proposed Renewal of the IPT Mandate;
- (ii) Proposed Renewal of the Unit Buy-Back Mandate; and
- (iii) Proposed KIHPL Placement Mandate.

1.2 Allen & Gledhill LLP is the Singapore legal adviser to the Trustee-Manager for this Appendix.

2 THE PROPOSED RENEWAL OF THE IPT MANDATE

Under Chapter 9 of the Listing Manual, a general mandate for transactions with interested persons is subject to annual renewal. The IPT Mandate was last renewed at the 2024 AGM and will continue to be in force until the conclusion of the 2025 AGM. Accordingly, it is proposed that the IPT Mandate be renewed at the 2025 AGM to be convened, to take effect (unless revoked or varied by KIT in a general meeting) until the conclusion of the next AGM or the date on which the next AGM is required to be held, whichever is the earlier. General information relating to Chapter 9 of the Listing Manual is set out in **Annex A** of this Appendix.

Unitholders should note that by voting in favour of the resolution in relation to the Proposed Renewal of the IPT Mandate, the Proposed Renewal of the IPT Mandate will authorise the EAR Group, or any of them, in the ordinary course of their businesses, to enter into certain transactions with Interested Persons, provided that such transactions are made on normal commercial terms and are not prejudicial to KIT and its minority Unitholders, and are entered into in accordance with the review procedures for such transactions.

2.1 Statement of the Audit and Risk Committee

Pursuant to Rule 920(1)(c) of the Listing Manual, the Audit and Risk Committee confirms that:

- (i) the methods or procedures for determining the transaction prices under the IPT Mandate (“**Review Procedures**”) have not changed since the last Unitholders’ approval of the IPT Mandate obtained at the 2024 AGM;
- (ii) the Review Procedures are sufficient to ensure that the Interested Person Transactions will be carried out on normal commercial terms and will not be prejudicial to the interests of KIT and its minority Unitholders, and

as such, an independent financial adviser’s opinion is not required for the renewal of the IPT Mandate.

2.2 Validity Period of the IPT Mandate

If approved by Unitholders at the 2025 AGM, the IPT Mandate will take effect from the date of the passing of the resolution for the renewal of the IPT Mandate, to be proposed at the 2025 AGM, and shall apply in respect of Interested Person Transactions entered or to be entered into from the date of the 2025 AGM until the conclusion of the next AGM or the date on which the next AGM is required to be held, whichever is the earlier, unless revoked or varied by KIT in a general meeting.

KIT will obtain a fresh general mandate from Unitholders if the methods or procedures set out in the IPT Mandate, as proposed to be renewed and set out in **Annex A** of this Appendix, become inappropriate.

2.3 Disclosure

Pursuant to Chapter 9 of the Listing Manual, KIT will disclose in its annual report the aggregate value of the Interested Person Transactions entered into under the IPT Mandate, as renewed, during the financial year under review, and in the annual reports of subsequent financial years during which the IPT Mandate, as renewed, is in force. In addition, KIT will announce the aggregate value of the Interested Person Transactions entered into under the IPT Mandate, as renewed, for the financial periods which it is required to report pursuant to Rule 705 of the Listing Manual within the time required for the announcement of such report. These disclosures will be in the form set out in Rule 907 of the Listing Manual.

3 THE PROPOSED RENEWAL OF THE UNIT BUY-BACK MANDATE

3.1 The Proposed Renewal of the Unit Buy-Back Mandate

At the 2024 AGM, Unitholders had approved, *inter alia*, the renewal of the Unit Buy-Back Mandate to enable the Trustee-Manager to exercise its powers to procure the repurchases of Units for and on behalf of KIT without the prior specific approval of Unitholders at a general meeting in accordance with the provisions of the Trust Deed and all applicable laws and regulations, including but not limited to the Listing Manual. The authority and limitations on the Unit Buy-Back Mandate were set out in the appendix to the notice of AGM dated 1 April 2024.

The Unit Buy-Back Mandate was expressed to take effect on the date of the 2024 AGM and will expire on the date of the forthcoming 2025 AGM. Accordingly, the Trustee-Manager intends to seek the approval of Unitholders for the Proposed Renewal of the Unit Buy-Back Mandate at the 2025 AGM under Resolution 8.

UNITHOLDERS SHOULD NOTE THAT BY VOTING IN FAVOUR OF RESOLUTION 8 RELATING TO THE PROPOSED RENEWAL OF THE UNIT BUY-BACK MANDATE, THEY WILL BE AUTHORISING THE TRUSTEE-MANAGER TO PROCURE THE REPURCHASE OF UNITS ON THE TERMS AND CONDITIONS SET OUT IN THIS PARAGRAPH 3 AND IN ACCORDANCE WITH THE PROVISIONS OF THE TRUST DEED AND ALL APPLICABLE LAWS AND REGULATIONS, INCLUDING BUT NOT LIMITED TO THE LISTING MANUAL.

3.2 Rationale for the Unit Buy-Back Mandate

The approval of the Unit Buy-Back Mandate authorising the Trustee-Manager to repurchase Units for and on behalf of KIT would give the Trustee-Manager the flexibility to undertake repurchases of Units of up to the 5% limit described in Paragraph 3.3.1 of this Appendix at any time, during the period commencing from the date on which the AGM is held and the Unit Buy-Back Mandate is approved and expiring on the earliest of the following dates:

- (i) the date on which the next AGM is held;
- (ii) the date by which the next AGM is required by applicable laws and regulations or the provisions of the Trust Deed to be held, whichever is earlier; or
- (iii) the date on which the repurchases of Units by the Trustee-Manager pursuant to the Unit Buy-Back Mandate are carried out to the full extent mandated,

(the “Mandate Duration”).

The Unit Buy-Back Mandate would be a flexible and cost-effective capital management tool to return excess capital to Unitholders and/or optimise the capital structure. It will provide the Trustee-Manager with the flexibility to undertake Unit repurchases at any time, subject to market conditions, during the period when the Unit Buy-Back Mandate is in force. To the extent that KIT has capital and surplus funds which are in excess of its financial needs, the Unit Buy-Back Mandate will facilitate the return of excess cash and surplus funds to Unitholders in an expedient, effective and cost-efficient manner.

While the Unit Buy-Back Mandate would authorise Unit repurchases of up to the said 5% limit during the period when the Unit Buy-Back Mandate is in force, Unitholders should note that Unit repurchases may not necessarily be carried out to the entire 5% limit as authorised by Unitholders.

Repurchases of Units will be made only when the Trustee-Manager considers it to be in the best interests of KIT and the Unitholders.

Rule 723 of the Listing Manual requires KIT to ensure that at least 10% of its Units (excluding treasury Units, preference Units and convertible equity securities) are at all times held by the public (the “Public Float”). As at the Latest Practicable Date, the Public Float is approximately 69.18%, and accordingly, the Trustee-Manager is of the view that the orderly trading and the listing status of the Units on the SGX-ST is not likely to be affected by the Unitholders’ approval of the Unit Buy-Back Mandate and the repurchases of Units thereunder.

3.3 Authority and Limits on the Unit Buy-Back Mandate

The authority conferred on the Trustee-Manager and the limits placed on the repurchases of Units by the Trustee-Manager under the Unit Buy-Back Mandate are set out below:

3.3.1 Maximum Limit

The total number of Units which may be repurchased pursuant to the Unit Buy-Back Mandate described in paragraph 3 is limited to that number of Units representing not more than 5% of the total number of issued Units as at the date of the AGM¹.

FOR ILLUSTRATIVE PURPOSES ONLY: On the basis of 6,083,341,128 Units in issue as at the Latest Practicable Date², and assuming that no further Units are issued on or prior to the AGM at which the Unit Buy-Back Mandate is approved, not more than 304,167,056 Units (representing 5% of the issued Units) may be repurchased by the Trustee-Manager pursuant to the Unit Buy-Back Mandate during the Mandate Duration.

3.3.2 Duration of Authority

Unless revoked or varied by Unitholders in a general meeting, the Unit Buy-Back Mandate, if approved by Unitholders, will be in force for the Mandate Duration, being the period commencing from the date on which the AGM is held and the Unit Buy-Back Mandate is approved and expiring on the earliest of the following dates:

- (i) the date on which the next AGM is held;
- (ii) the date by which the next AGM is required by applicable laws and regulations or the provisions of the Trust Deed to be held, whichever is earlier; or
- (iii) the date on which the repurchases of Units by the Trustee-Manager pursuant to the Unit Buy-Back Mandate are carried out to the full extent mandated.

¹ Pursuant to the Listing Manual, a unit repurchase shall not exceed 10% of the total number of issued units excluding treasury units and subsidiary holdings (defined in the Listing Manual to mean shares referred to in Section 21(4), 21(4B), 21(6A) and 21(6C) of the Companies Act) in each class as at the date of the resolution passed by unitholders for the unit repurchase. For the avoidance of doubt, KIT does not hold any treasury Units and there are no subsidiary holdings as none of the subsidiaries of KIT hold any Units. There is also only one class of units in KIT.

² As at the date of this Appendix, there are 6,084,987,915 Units in issue.

Under the Trust Deed and the prevailing laws and regulations of Singapore, KIT is required to convene an AGM of Unitholders once in every calendar year and not more than 15 months after the holding of the last preceding AGM and in any case within four months from the financial year end of KIT.

The authority conferred on the Trustee-Manager under the Unit Buy-Back Mandate to repurchase Units may be renewed at the next AGM of Unitholders. When seeking the approval of Unitholders for any subsequent Unit buy-back mandates, the Trustee-Manager shall disclose details of each Unit buy-back made during the Mandate Duration in respect of the Unit buy-back mandate immediately preceding such Unit buy-back mandate being sought, including the total number of Units repurchased, the repurchase price per Unit or the highest and lowest prices paid for such repurchases of Units, where relevant, and the total consideration paid for such repurchases.

3.3.3 Manner of Repurchase

Repurchases of Units may be made by way of:

- (i) market purchase(s) ("**Market Purchases**"); and/or
- (ii) off-market purchase(s) ("**Off-Market Purchases**").

Market Purchases refer to repurchases of Units by the Trustee-Manager effected on the SGX-ST and/or, as the case may be, such other stock exchange for the time being on which the Units may be listed and quoted, through one or more duly licensed stockbrokers appointed by the Trustee-Manager for the purpose.

Off-Market Purchases refer to repurchases of Units by the Trustee-Manager (which are not Market Purchases) made under an equal access scheme or schemes for the repurchase of Units from Unitholders in accordance with the Trust Deed. In this regard, an Off-Market Purchase must satisfy all the following conditions:

- (i) offers for the repurchase or acquisition of Units shall be made to every person who holds Units to repurchase or acquire the same percentage of their Units;
- (ii) all of the above-mentioned persons shall be given a reasonable opportunity to accept the offers made to them; and
- (iii) the terms of all the offers shall be the same, except that there shall be disregarded:
 - (a) differences in consideration attributable to the fact that offers may relate to Units with different accrued distribution entitlements;
 - (b) differences in consideration attributable to the fact that the offers may relate to Units with different amounts remaining unpaid; and
 - (c) differences in the offers introduced solely to ensure that each Unitholder is left with a whole number of Units.

Additionally, the Listing Manual provides that, in making an Off-Market Purchase, the Trustee-Manager must issue an offer document to all Unitholders which must contain, *inter alia*:

- (i) the terms and conditions of the offer;
- (ii) the period and procedures for acceptances;
- (iii) the reasons for the proposed Unit repurchases;
- (iv) the consequences, if any, of Unit repurchases by the Trustee-Manager that will arise under the Singapore Code on Take-overs and Mergers (the “Code”) or other applicable takeover rules;
- (v) whether the Unit repurchases, if made, could affect the listing of the Units on the SGX-ST;
- (vi) details of any Unit repurchases made by the Trustee-Manager in the previous 12 months (whether Market Purchases or Off-Market Purchases in accordance with an equal access scheme), giving the total number of Units repurchased, the repurchase price per Unit or the highest and lowest prices paid for such repurchases of Units, where relevant, and the total consideration paid for the repurchases; and
- (vii) whether the Units repurchased by the Trustee-Manager will be cancelled.

3.3.4 Repurchase Price

The Trustee-Manager has the discretion to determine the repurchase price for a repurchase of Units under the Unit Buy-Back Mandate, subject to such repurchase price not exceeding:

- (i) in the case of a Market Purchase, 105% of the Average Closing Price (as defined below) of the Units in accordance with Rule 884 of the Listing Manual; and
- (ii) in the case of an Off-Market Purchase, 110% of the Average Closing Price of the Units,

(the “Maximum Price”) in either case, excluding related expenses of such repurchase.

For the purposes of this Paragraph 3.3.4:

“Average Closing Price” means the average of the closing market prices of the Units over the last five Market Days, on which transactions in the Units were recorded, immediately preceding the date of the Market Purchase or, as the case may be, the date of the making of the offer pursuant to the Off-Market Purchase, and deemed to be adjusted for any corporate action that occurs during the relevant five-day period and the date of the Market Purchase by the Trustee-Manager or, as the case may be, the date of the making of the offer pursuant to the Off-Market Purchase.

“date of the making of the offer” means the date on which the Trustee-Manager makes an offer for an Off-Market Purchase, stating therein the repurchase price (which shall not be more than the Maximum Price for an Off-Market Purchase calculated on the foregoing basis) for each Unit and the relevant terms of the equal access scheme for effecting the Off-Market Purchase.

3.4 Status of Repurchased Units

Under the Trust Deed, a Unit repurchased under the Unit Buy-Back Mandate shall be deemed cancelled immediately on repurchase (and all rights and privileges attached to such Unit will expire on such cancellation).

3.5 Reporting Requirements

Rule 886 of the Listing Manual specifies that an issuer shall notify the SGX-ST of all repurchases or acquisitions of its Units not later than 9.00 a.m.:

- (i) in the case of a Market Purchase, on the Market Day following the day on which the Market Purchase was made; or
- (ii) in the case of an Off-Market Purchase under an equal access scheme, on the second Market Day after the close of acceptances of the offer for the Off-Market Purchase.

The notification of any such repurchases of Units to the SGX-ST (in the form of an announcement on the SGXNet) shall be in such form and shall include such details as the SGX-ST may prescribe.

The Trustee-Manager shall make arrangements with the appointed stockbrokers and/or custodians to ensure that they provide the Trustee-Manager in a timely fashion the necessary information which will enable the Trustee-Manager to make the notifications to the SGX-ST.

Further, the Trustee-Manager shall make an announcement on the SGX-ST at the same time it notifies the SGX-ST of any repurchase of Units pursuant to the Unit Buy-Back Mandate, that the Board is satisfied on reasonable grounds that, immediately after the repurchase of Units, the Trustee-Manager will be able to fulfil, from the Trust Property, the liabilities of KIT as these liabilities fall due, in accordance with the Business Trusts Act.

3.6 Sources of Funds

The Trustee-Manager may only apply funds for the repurchase of Units as provided in the Trust Deed and in accordance with the applicable laws and regulations in Singapore. The Trustee-Manager may not repurchase Units for a consideration other than in cash.

The Trustee-Manager intends to utilise KIT's internal sources of funds, external borrowings or a combination of both to finance the Trustee-Manager's repurchase of Units on behalf of KIT pursuant to the Unit Buy-Back Mandate, subject always to the requirements of the applicable laws and/or regulations in force at the relevant time.

3.7 Financial Effects

It is not possible for the Trustee-Manager to calculate realistically or quantify the impact of repurchases of Units that may be made pursuant to the Unit Buy-Back Mandate on the NAV per Unit and distributable income per Unit ("DIPU") as the resultant effect would depend on, *inter alia*, the aggregate number of Units repurchased and the repurchase prices paid for such Units.

KIT's total number of issued Units will be diminished by the total number of Units repurchased under the Unit Buy-Back Mandate as such Units will be cancelled.

The Trustee-Manager will only exercise the Unit Buy-Back Mandate when it considers it to be in the best interests of KIT and the Unitholders. The Trustee-Manager will consider factors such as the working capital requirements, availability of financial resources, the investment and growth strategies of KIT and the prevailing market conditions before repurchasing Units under the Unit Buy-Back Mandate. The Trustee-Manager will exercise the Unit Buy-Back Mandate with a view to enhancing the return on equity for Unitholders and/or optimising its capital structure. The Trustee-Manager does not intend to exercise the Unit Buy-Back Mandate to such an extent as would have a material adverse effect on the financial position of KIT.

FOR ILLUSTRATIVE PURPOSES ONLY: The financial effects of a Unit repurchase on KIT are based on the assumptions set out below:

- (i) 304,167,056 Units (representing approximately 5% of the issued Units as at the Latest Practicable Date) are repurchased by the Trustee-Manager pursuant to the Unit Buy-Back Mandate on 1 January 2024;
- (ii) 6,083,341,128 Units are in issue as at the Latest Practicable Date³ (assuming no further Units are issued on or prior to the AGM at which the Unit Buy-Back Mandate is approved);
- (iii) Units are repurchased:
 - (a) in the case of Market Purchases by the Trustee-Manager at the Maximum Price of S\$0.466 per Unit (being 105% of the Average Closing Price of the Units immediately preceding the Latest Practicable Date), and accordingly, the maximum amount of funds required for the repurchase of the 304,167,056 Units, representing 5% of the issued Units as at the Latest Practicable Date (excluding related expenses) is approximately S\$141,741,848; and
 - (b) in the case of Off-Market Purchases by the Trustee-Manager at the Maximum Price of S\$0.488 per Unit (being 110% of the Average Closing Price of the Units immediately preceding the Latest Practicable Date), and accordingly, the amount of funds required for the repurchase of the 304,167,056 Units, representing 5% of the issued Units as at the Latest Practicable Date (excluding related expenses) is approximately S\$148,433,523;
- (iv) all Units repurchased under the Unit Buy-Back Mandate are cancelled;
- (v) the repurchases of Units are funded solely by internal sources of funds of KIT and external borrowings; and
- (vi) there are no changes to the distribution policy to Unitholders.

Based on the assumptions set out above, the financial effects of the repurchase of 304,167,056 Units (representing 5% of the issued Units as at the Latest Practicable Date) by the Trustee-Manager pursuant to the Unit Buy-Back Mandate by way of (A) Market Purchases and (B) Off-Market Purchases, are set out below based on the audited consolidated financial statements of KIT and its subsidiaries (the "KIT Group")

³ As at the date of this Appendix, there are 6,084,987,915 Units in issue.

for the financial year ended 31 December 2024 (“FY 2024” and the audited consolidated financial statements of the KIT Group for FY 2024, the “FY 2024 Audited Financial Statements”):

	FY 2024 Audited Financial Statements	Pro forma financial effects of Unit repurchases on the FY 2024 Audited Financial Statements	
		Market Purchases	Off-Market Purchases
Profit Attributable to Unitholders (S\$ million)	61.5	56.1	55.9
Average Unitholders’ Funds (S\$ million)	900.1	761.6	754.8
<u>Financial Ratios</u>			
ROE (%)	6.8%	7.4%	7.4%
DIPU (cents)	3.70 ⁴	3.81 ⁴	3.80 ⁴
Net Gearing (%)	40.4%	42.5%	42.6%

Unitholders should note that the financial effects set out in the table above are based on the FY 2024 Audited Financial Statements and are presented strictly for illustrative purposes only. The results of the KIT Group for FY 2024 may not be representative of future performance. Although the Unit Buy-Back Mandate would authorise the Trustee-Manager to repurchase up to 5% of the total number of issued Units, the Trustee-Manager may not necessarily repurchase or be able to repurchase the entire 5% of the total number of issued Units at any time while the Unit Buy-Back Mandate is in force.

3.8 Taxation

Unitholders who are in doubt as to their respective tax positions or the tax implications of Unit repurchases by the Trustee-Manager, or, who may be subject to tax whether in or outside Singapore, should consult their own professional advisers.

3.9 Black-Out Periods

The Trustee-Manager will not repurchase any Units for and on behalf of KIT at any time after a material price or trade sensitive development has occurred or has been the subject of a decision until such time the price or trade sensitive information has been publicly announced. In addition, the Trustee-Manager will not repurchase Units for and on behalf of KIT one month immediately preceding the announcement of the KIT Group’s half year and full year financial statements, or if KIT announces its quarterly financial statements whether required by the SGX-ST or otherwise, during the period commencing two weeks before the announcement of the KIT Group’s financial statements for each of the first three quarters of its financial year, and one month before the announcement of the KIT Group’s full year financial statements.

4 Excluding performance fee of S\$13.0 million (which arose from the higher Distribution per Unit (“DPU”) for the year ended 31 December 2023 distributed to Unitholders, including special distributions paid out of the proceeds from the capital optimisation at Ixom HoldCo Pty Ltd, as compared to the DPU for the year ended 31 December 2022).

3.10 Take-over Implications

The circumstances under which Unitholders and persons acting in concert with them will incur an obligation to make a mandatory take-over offer under Rule 14 of the Code after a repurchase of Units by the Trustee-Manager are set out in Appendix 2 of the Code. The take-over implications which may arise from any repurchase by the Trustee-Manager of Units under the Unit Buy-Back Mandate are set out below.

3.10.1 Obligation to make a Take-over Offer

If, as a result of any repurchase by the Trustee-Manager of the Units, the proportionate interest in the voting rights of a Unitholder and persons acting in concert with him increases, such increase will be treated as an acquisition for the purposes of Rule 14 of the Code. Consequently, a Unitholder or a group of Unitholders acting in concert could obtain or consolidate effective control of KIT and become obliged to make a mandatory take-over offer under Rule 14 of the Code.

3.10.2 Persons Acting in Concert

Applying the Code to KIT, to the extent possible, persons acting in concert comprise individuals or companies who, pursuant to an agreement or understanding (whether formal or informal), co-operate, through the acquisition by any of them of Units (or otherwise), to obtain or consolidate effective control of KIT.

Unless the contrary is established, the following persons, *inter alia*, will be presumed to be acting in concert with each other, namely:

- (i) the following companies:
 - (a) a company ("**(A)**");
 - (b) the parent company of (A) ("**(B)**");
 - (c) the subsidiaries of (A) (each, "**(C)**");
 - (d) the fellow subsidiaries of (A) (each, "**(D)**");
 - (e) the associated companies of any of (A), (B), (C), or (D) (each, "**(E)**");
 - (f) companies whose associated companies include any of (A), (B), (C), (D) or (E); and
 - (g) any person who has provided financial assistance (other than a bank in the ordinary course of business) to any of the foregoing companies for the purchase of voting rights; and
- (ii) a company with any of its directors (together with their close relatives, related trusts as well as companies controlled by any of the directors, their close relatives and related trusts).

For this purpose, a company is an "**associated company**" (as defined in the Code) of another company if the second company owns or controls at least 20% but not more than 50% of the voting rights of the first-mentioned company.

The circumstances under which Unitholders, including the Directors and their concert parties respectively, will incur an obligation to make a take-over offer under Rule 14 of the Code after a repurchase of Units by the Trustee-Manager by way of a Unit buy-back are set out in Appendix 2 of the Code.

3.10.3 Effect of Rule 14 and Appendix 2 of the Code

In general terms, the effect of Rule 14 and Appendix 2 of the Code is that, unless exempted⁵, Unitholders and/or persons acting in concert with them will incur an obligation to make a mandatory take-over offer under Rule 14 of the Code if, as a result of the Trustee-Manager repurchasing Units under the Unit Buy-Back Mandate, the voting rights of such Unitholders and/or their concert parties would increase to 30% or more, or in the event that such Unitholders and/or their concert parties hold between 30% and 50% of the voting rights in KIT, if the voting rights of such Unitholders and/or their concert parties would increase by more than 1% in any period of six months.

Under Appendix 2 of the Code, a Unitholder not acting in concert with the Directors will not be required to make a mandatory take-over offer under Rule 14 of the Code if, as a result of the Trustee-Manager repurchasing Units under the Unit Buy-Back Mandate, the voting rights of such Unitholder would increase to 30% or more, or, if such Unitholder holds between 30% and 50% of the voting rights in KIT, the voting rights of such Unitholder would increase by more than 1% in any period of six months. Such Unitholder need not abstain from voting in respect of the resolution relating to the Proposed Renewal of the Unit Buy-Back Mandate.

The Securities Industry Council had on 20 March 2015 granted a ruling to KIT to rebut the presumption that certain Temasek entities including Bartley, Napier and Nassim are acting in concert with the Keppel group.

Based on the above and on the interests of the Substantial Unitholders in Units recorded in the Register of Substantial Unitholders as at the Latest Practicable Date, none of the Substantial Unitholders would become obliged to make a take-over offer for KIT under Rule 14 of the Code as a result of any repurchase of Units by the Trustee-Manager pursuant to the Unit Buy-Back Mandate of the maximum limit of 5% of its issued Units as at the Latest Practicable Date.

Important:

The statements herein do not purport to be a comprehensive or exhaustive description of all the relevant provisions of, or all the implications that may arise under the Code. Unitholders are advised to consult their professional advisers and/or the Securities Industry Council at the earliest opportunity as to whether an obligation to make a mandatory take-over offer would arise by reason of any Unit repurchases by the Trustee-Manager.

⁵ Unitholders and/or persons acting in concert with them will be exempt from the requirement to make a mandatory take-over offer under Rule 14 of the Code upon the satisfaction of the conditions set out in paragraph 3(a) of Appendix 2 of the Code.

3.11 Details of Previous Unit Repurchases

As at the Latest Practicable Date, the Trustee-Manager did not repurchase any Units by way of Market Purchases and/or Off-Market Purchases pursuant to the Unit Buy-Back Mandate approved by Unitholders at the 2024 AGM.

3.12 Unitholders' Approval

In view of the foregoing, the Trustee-Manager is seeking the approval of Unitholders under Resolution 8 relating to the Proposed Renewal of the Unit Buy-Back Mandate.

4 THE PROPOSED KIHPL PLACEMENT MANDATE

4.1 Background

4.1.1 Rule 812 of the Listing Manual

Rule 812 of the Listing Manual provides that an issue must not be placed to, among others, an issuer's substantial shareholders unless specific shareholders' approval has been obtained for such placement. As at the Latest Practicable Date, KIHPL has a direct interest in 1,107,489,090 Units, representing approximately 18.21% of the total Units in issue and is accordingly a Substantial Unitholder of KIT. Accordingly, approval is required to be sought from KIT's Unitholders for any placement of new Units made to KIHPL (a "KIHPL Placement").

4.1.2 Interested Person Transaction

Under Chapter 9 of the Listing Manual, where KIT proposes to enter into a transaction with an interested person (as defined in the Listing Manual) and the value of the transaction (either in itself or when aggregated with the value of other transactions, each of a value equal to or greater than S\$100,000, entered into with the same interested person during the same financial year) is of a value equal to, or more than, 5% of KIT's latest audited consolidated net tangible assets ("NTA"), Unitholders' approval will be required in respect of such transaction.

KIHPL, being a controlling unitholder, is deemed to be an interested person for the purposes of Chapter 9 of the Listing Manual, and a KIHPL Placement will be subject to Unitholders' approval if such KIHPL Placement, either in itself or in aggregation with all earlier transactions (each of a value equal to or greater than S\$100,000) entered into with KIHPL during the same financial year, exceeds 5% of KIT's latest audited consolidated NTA.

4.2 The Proposed KIHPL Placement Mandate

The Trustee-Manager intends to seek the approval of Unitholders for the adoption of a Unitholders' mandate (the "Proposed KIHPL Placement Mandate") to issue Units to KIHPL. If the Proposed KIHPL Placement Mandate is approved, the Trustee-Manager will be authorised to issue Units to KIHPL under the Unit Issuance General Mandate (as defined below) without having to obtain specific Unitholders' approval pursuant to the requirements under Chapters 8 and 9 of the Listing Manual for each KIHPL Placement. The Trustee-Manager had consulted with the SGX-ST on its views on the Proposed KIHPL Placement Mandate, following which, the SGX-ST has confirmed that,

subject to the following, the SGX-ST has no objection to the Trustee-Manager seeking Unitholders' approval for the Proposed KIHPL Placement Mandate at each AGM:

- (i) the following parameters for the Proposed KIHPL Placement Mandate:
 - (a) any placement of new Units (a "**Placement**") which involves a KIHPL Placement shall be effected through a market offering which involves an independent process such as book-building;
 - (b) any Placement which involves a KIHPL Placement shall be made to more than one placee and Units to be issued to KIHPL pursuant to such Placement shall be at the same price as the Units to be issued to such other placees under the Placement;
 - (c) the proportion of Units held by KIHPL immediately after a KIHPL Placement shall not be more than the proportion of Units held by KIHPL immediately before such KIHPL Placement;
 - (d) Directors who have any affiliation with the Keppel group (being Mr Daniel Cuthbert Ee Hock Huat who is an investment committee member of certain subsidiaries of Keppel Capital Holdings Pte. Ltd., Mr Ng Kin Sze who is an investment committee member of certain subsidiaries of Keppel Capital Holdings Pte. Ltd., Mr Khor Poh Hwa who is a non-executive director of two associated companies of Keppel and Ms Christina Tan Hua Mui who is the Chief Executive Officer, Fund Management and Chief Investment Officer of Keppel, and a director of several other subsidiaries of Keppel (the "**Keppel Affiliated Directors**")), and any other present or future directors of the Trustee-Manager which are affiliated with the Keppel group will recuse themselves from attending board meetings, voting on board resolutions and giving their recommendations, in relation to all KIHPL Placements under the Proposed KIHPL Placement Mandate;
 - (e) any Placement which involves a KIHPL Placement shall be within the Trustee-Manager's general mandate for the issuance of Units (including the general mandate limit for placements) (the "**Unit Issuance General Mandate**");
 - (f) all KIHPL Placements will comply with Rules 811(1) and 811(5) of the Listing Manual, pursuant to which the Units to be issued must not be priced at more than 10% discount to the weighted average price for trades done on the SGX-ST for the full Market Day on which the placement or subscription agreement is signed, or (if trading in Units is not available for a full Market Day) the weighted average price for trades done on the SGX-ST for the preceding Market Day up to the time the placement or subscription agreement is signed, excluding (where applicable) declared distributions for trades done for the underlying Units on the SGX-ST for the full Market Day on which the placement or subscription agreement is signed, provided that KIHPL is not entitled to the declared distributions;
 - (g) an announcement will be made by the Trustee-Manager for each KIHPL Placement;

- (h) an opinion from the Audit and Risk Committee in the form required in Rule 917(4)(a)⁶ of the Listing Manual will be disclosed in each announcement mentioned in paragraph 4.2(g) above; and
- (i) all Placements which involve a KIHPL Placement will be for the purpose of funding potential acquisitions. In the event such acquisition does not proceed, or if the amount required for the acquisition is less than the total proceeds raised from the Placement, Trustee-Manager may use the funds raised from such Placement for other purposes, including for general working capital purposes;
- (ii) the KIHPL Placement Mandate shall be subject to renewal at each AGM and shall continue in force until the conclusion of the next AGM or the expiration of the period within which the next AGM is required by law to be held, whichever is earlier;
- (iii) an opinion from the Audit and Risk Committee in the form required in Rule 917(4)(a) of the Listing Manual shall be disclosed in the circular to Unitholders for the Proposed KIHPL Placement Mandate; and
- (iv) the Keppel Affiliated Directors, and any other present or future directors of the Trustee-Manager which are affiliated with the Keppel group will recuse themselves from attending board meetings, voting on board resolutions and giving their recommendations, in relation to the Proposed KIHPL Placement Mandate.

For each KIHPL Placement made pursuant to the Proposed KIHPL Placement Mandate, the Trustee-Manager will have to obtain the SGX-ST's approval-in-principle for the listing of the Units to be issued pursuant to the Placement, including the KIHPL Placement.

For avoidance of doubt, the parameters set out in paragraph 4.2(i) above will only apply if Trustee-Manager is seeking to rely on the Proposed KIHPL Placement Mandate. The Trustee-Manager will still be able to place Units to KIHPL outside of the abovementioned parameters subject to separate specific Unitholders' approval.

4.3 Validity Period of the Proposed KIHPL Placement Mandate

If approved by Unitholders at the 2025 AGM, the Proposed KIHPL Placement Mandate will take effect from the date of the passing of the resolution for the adoption of the Proposed KIHPL Placement Mandate until the conclusion of the next AGM or the date on which the next AGM is required to be held, whichever is the earlier, unless revoked or varied by the Unitholders in a general meeting.

⁶ Rule 917(4)(a) of the Listing Manual requires the Audit and Risk Committee to provide a statement:

- (i) whether or not the audit committee of the issuer is of the view that the transaction is on normal commercial terms, and is not prejudicial to the interests of the issuer and its minority shareholders; or
- (ii) that the audit committee is obtaining an opinion from an independent financial adviser before forming its view, which will be announced subsequently.

4.4 Rationale for the Proposed KIHPL Placement Mandate

4.4.1 Reducing time and cost for funding potential acquisitions

KIT seeks to execute its investment strategy by actively pursuing acquisitions of infrastructure businesses and assets to build a well-diversified portfolio. The process for the acquisition of a business or asset is often subject to tight timelines where the Trustee-Manager may have to raise funds for such acquisitions within a short span of time.

The Trustee-Manager may fund such acquisitions using a mix of equity and debt, and the equity fund raising for such acquisition may include a Placement to institutional and other investors. As KIHPL would participate in such Placement to maintain its Unitholding (as explained in paragraph 4.4.2 below), the Placement would be subject to Unitholders' specific approval. This significantly lengthens the timeline of any Placement or equity fund raising which KIT intends to undertake to fund any potential acquisition and this is especially so where Unitholders' specific approval would not otherwise be required, for instance where the Placement amount falls within the Unit Issuance General Mandate and Unitholders' specific approval is not required for the acquisition under the Listing Manual. The need for Unitholders' specific approval would also result in additional costs incurred for, amongst others, preparation and despatch of the circular and holding an extraordinary general meeting.

Moreover, given the length of time required for the Placement or equity fund raising, if the Trustee-Manager is unable to complete the Placement or equity fund raising prior to the completion of the acquisition, the Trustee-Manager would also have to incur additional time and costs to procure a bridging facility to fund such acquisition first. This was the case for several of KIT's more recent acquisitions, including:

- (a) KIT's participation in the acquisition of Eco Management Korea Holdings Co., Ltd. (the "**EMKH Acquisition**"), which completed on 20 October 2022;
- (b) KIT's participation in the acquisition of 50.01% interest in Borkum Riffgrund 2 Investor Holding GmbH, which completed on 22 December 2022 (together with the EMKH Acquisition, the "**2022 Acquisitions**"); and
- (c) KIT's acquisition of Ventura Motors Pty Limited, which completed on 3 June 2024 (the "**Ventura Acquisition**").

The equity fund raising for the 2022 Acquisitions and the Ventura Acquisition were within KIT's Unit Issuance General Mandate, and Unitholders' approval would not have been required but for the Placement to KIHPL in both instances.

The Proposed KIHPL Placement Mandate would hence allow the Trustee-Manager to meaningfully rely on the Unit Issuance General Mandate to raise funds for any potential acquisitions through a Placement without the need to separately seek specific Unitholders' approval prior to such Placement. This would also reduce the time and costs involved in the funding of such acquisitions, which is ultimately beneficial to KIT and its Unitholders.

4.4.2 Maintaining KIHPL's Unitholding to align interest and demonstrate Sponsor commitment

As set out in paragraph 4.2 above, under the Proposed KIHPL Placement Mandate, Units will only be placed to KIHPL pursuant to a Placement involving more than one placee, on a *pro rata* basis relative to KIHPL's Unitholding and will only be for the purpose of maintaining (and not increasing) KIHPL's Unitholding.

As KIHPL is the sponsor of KIT, the Trustee-Manager is of the view that maintaining KIHPL's Unitholding in KIT would be a positive demonstration of KIHPL's alignment of interest and commitment as the sponsor of KIT.

Further, having KIHPL participate in a Placement would also enhance investors' confidence in that Placement and provide a higher degree of certainty for the successful completion of that Placement.

4.4.3 Reducing potential equity overhang

The announcement for an acquisition would typically also include disclosure of a potential equity fund raising as a means to fund the acquisition. Such announcement may create expectations of an imminent equity fund raising, whether or not such equity fund raising materialises. This may result in an equity overhang and cause downward pressure on the price of KIT's Units, which is ultimately detrimental to the Unitholders of KIT.

As set out in paragraph 4.4.1 above, the Proposed KIHPL Placement Mandate could significantly reduce the time between the announcement of an acquisition and/or potential equity fund raising and the launch and pricing of such equity fund raising, thereby reducing any potential equity overhang.

4.5 Financial Effects

It is not possible for the Trustee-Manager to calculate realistically or quantify the impact of KIHPL Placements that may be made pursuant to the Proposed KIHPL Placement Mandate on the NAV per Unit and DIPU as the resultant effect would depend on, *inter alia*, the aggregate number of Units issued, the issue price paid for such Units, as well as any potential acquisitions for which the funds from the KIHPL Placement will be used for. In general, the Trustee-Manager will seek to undertake DPU-accretive acquisitions, taking into account, amongst others, the method and cost of funding such acquisition.

4.6 Statement of the Audit and Risk Committee

Having considered the relevant factors, including the rationale for and parameters of the Proposed KIHPL Placement Mandate, the Audit and Risk Committee (Mr Daniel Cuthbert Ee Hock Huat abstaining) is of the view that the Proposed KIHPL Placement Mandate is on normal commercial terms, and is not prejudicial to the interests of KIT and its minority Unitholders.

4.7 Unitholder's Approval

In view of the foregoing, the Trustee-Manager is seeking the approval of the Unitholders under Resolution 9 relating to the Proposed KIHPL Placement Mandate.

UNITHOLDERS SHOULD NOTE THAT BY VOTING IN FAVOUR OF RESOLUTION 9 RELATING TO THE PROPOSED KIHPL PLACEMENT MANDATE, THEY WILL BE AUTHORISING THE TRUSTEE-MANAGER TO ISSUE UNITS TO KIHPL SUBJECT TO THE PARAMETERS SET OUT IN PARAGRAPH 4.2(i) AND ALL APPLICABLE LAWS AND REGULATIONS, INCLUDING BUT NOT LIMITED TO THE LISTING MANUAL.

UNITHOLDERS SHOULD FURTHER NOTE THAT IN APPROVING THE PROPOSED KIHPL PLACEMENT MANDATE, THEY WILL ALSO BE DEEMED TO HAVE APPROVED THE PROPOSED KIHPL PLACEMENT MANDATE AND ALL KIHPL PLACEMENTS UNDER THE PROPOSED KIHPL PLACEMENT MANDATE AS AN INTERESTED PERSON TRANSACTION UNDER RULE 906(1) OF THE LISTING MANUAL.

NOTWITHSTANDING THAT UNITHOLDERS' APPROVAL IS BEING SOUGHT FOR THE PROPOSED KIHPL PLACEMENT MANDATE, THIS IS NOT AN INDICATION THAT THE TRUSTEE-MANAGER INTENDS TO UNDERTAKE A PLACEMENT, INCLUDING A PLACEMENT INVOLVING A KIHPL PLACEMENT.

6 ABSTENTIONS FROM VOTING

As at the Latest Practicable Date, Keppel has a deemed interest in 1,107,489,090 Units, which comprises approximately 18.21% of the total number of Units in issue. Temasek has a deemed interest in 1,872,803,694 Units, which comprises approximately 30.78% of the total number of Units in issue.

By virtue of their interests in the IPT Mandate, as proposed to be renewed, Temasek, Keppel, KC, KIHPL and their associates, including the Trustee-Manager, will abstain from voting on Resolution 7 relating to the Proposed Renewal of the IPT Mandate at the 2025 AGM in respect of Units (if any) held by them. THE IPT MANDATE

1 CHAPTER 9 OF THE LISTING MANUAL

1.1 Chapter 9 of the Listing Manual governs transactions by a listed business trust as well as transactions by its subsidiaries and associated companies that are considered to be at risk, with the listed business trust's interested persons. When this Chapter applies to a transaction and the value of that transaction alone or in aggregation with other transactions conducted with the interested person during the financial year reaches, or exceeds, certain materiality thresholds, the listed business trust is required to make an immediate announcement, or to make an immediate announcement and seek its unitholders' approval for that transaction.

1.2 Except for certain transactions which, by reason of the nature of such transactions, are not considered to put the listed business trust at risk and hence are excluded from the ambit of Chapter 9 of the Listing Manual, immediate announcement and unitholders' approval would be required in respect of transactions with interested persons if certain financial thresholds, which are based on the value of the transaction as compared with the listed business trust's latest audited consolidated NTA are reached or exceeded.

In particular, an immediate announcement is required where:

- (a) the transaction is of a value equal to, or more than, 3% of the listed business trust's latest audited consolidated NTA; or
- (b) the aggregate value of all transactions entered into with the same interested person during the same financial year amounts to 3% or more of the listed business trust's latest audited consolidated NTA; and

unitholders' approval (in addition to an immediate announcement) is required where:

- (a) the transaction is of a value equal to, or more than, 5% of the listed business trust's latest audited consolidated NTA; or
- (b) the transaction, when aggregated with other transactions entered into with the same interested person during the same financial year, is of a value equal to, or more than, 5% of the listed business trust's latest audited consolidated NTA.

In interpreting the term "same interested person" for the purpose of aggregation, the following applies:

- (I) transactions between (a) an entity at risk and a primary interested person; and (b) an entity at risk and an associate of that primary interested person, are deemed to be transactions between an entity at risk with the same interested person. Transactions between (i) an entity at risk and a primary interested person; and (ii) an entity at risk and another primary interested person, are deemed to be transactions between an entity at risk with the same interested person if the primary interested person is also an associate of the other primary interested person;
- (II) transactions between an entity at risk and interested persons who are members of the same group are deemed to be transactions between the entity at risk with the same interested person; and

- (III) if an interested person (which is a member of a group) is listed, its transactions with the entity at risk need not be aggregated with transactions between the entity at risk and other interested persons of the same group, provided that the listed interested person and other listed interested persons have boards the majority of whose directors are different and are not accustomed to act on the instructions of the other interested persons and have audit and risk committees whose members are completely different.

1.3 Pursuant to a ruling issued by the SGX-ST on 25 August 2009, KIT was permitted to calculate the materiality of its interested person transactions based on its Market Capitalisation of the preceding financial year (instead of its latest audited consolidated NTA) for so long as the latest audited consolidated NTA of KIT remained negative. The audited consolidated NTA of KIT for the financial year ended 31 March 2012 was positive. Pursuant to a further ruling issued by the SGX-ST on 23 May 2012, KIT could continue to calculate the materiality of its interested person transactions based on its Market Capitalisation of the preceding financial year (instead of its latest audited consolidated NTA). In the event that KIT recorded sustained positive consolidated NTA for at least two consecutive financial years (including the financial year ended 31 March 2012), it would consult the SGX-ST on the appropriate measure to be used for the computation of materiality thresholds for its interested person transactions. While the audited consolidated NTA of KIT for the financial year ended 31 March 2015 was negative, the audited consolidated NTA of KIT for the financial years ended 31 December 2015 and 31 December 2016 were positive. Accordingly, KIT consulted the SGX-ST on the appropriate measure to be used for the computation of materiality thresholds for its interested person transactions. Pursuant to a further ruling issued by the SGX-ST on 29 December 2016, for the period commencing from the date of the 2017 AGM (i.e. 18 April 2017), KIT will calculate the materiality of its interested person transactions based on its latest audited consolidated NTA (instead of its Market Capitalisation of the preceding financial year). Pursuant to a clarification on the application of Listing Rules 905 and 906, KIT will calculate its audited consolidated NTA based on the total assets of the Group less the total liabilities of the Group, less intangible assets and goodwill.

Accordingly, save for any transaction below S\$100,000⁽¹⁾:

- (1) an immediate announcement is required where:
 - (i) the interested person transaction is of a value equal to, or more than, 3% of KIT's latest audited consolidated NTA; or
 - (ii) the aggregate value of all interested person transactions entered into with the same interested person during the same financial year amounts to 3% or more of KIT's latest audited consolidated NTA; and
- (2) Unitholders' approval (in addition to an immediate announcement) is required where:
 - (i) the interested person transaction is of a value equal to, or more than, 5% of KIT's latest audited consolidated NTA; or
 - (ii) the interested person transaction, when aggregated with other transactions entered into with the same interested person during the same financial year, is of a value equal to, or more than, 5% of KIT's latest audited consolidated NTA.

Note:

- (1) While transactions below S\$100,000 are not normally aggregated for the purposes of sub-paragraphs (1)(ii) and 2(ii) above, the SGX-ST may aggregate any such transaction entered into during the same financial year and treat them as if they were one interested person transaction which has a value of S\$100,000 or more in accordance with Chapter 9 of the Listing Manual.

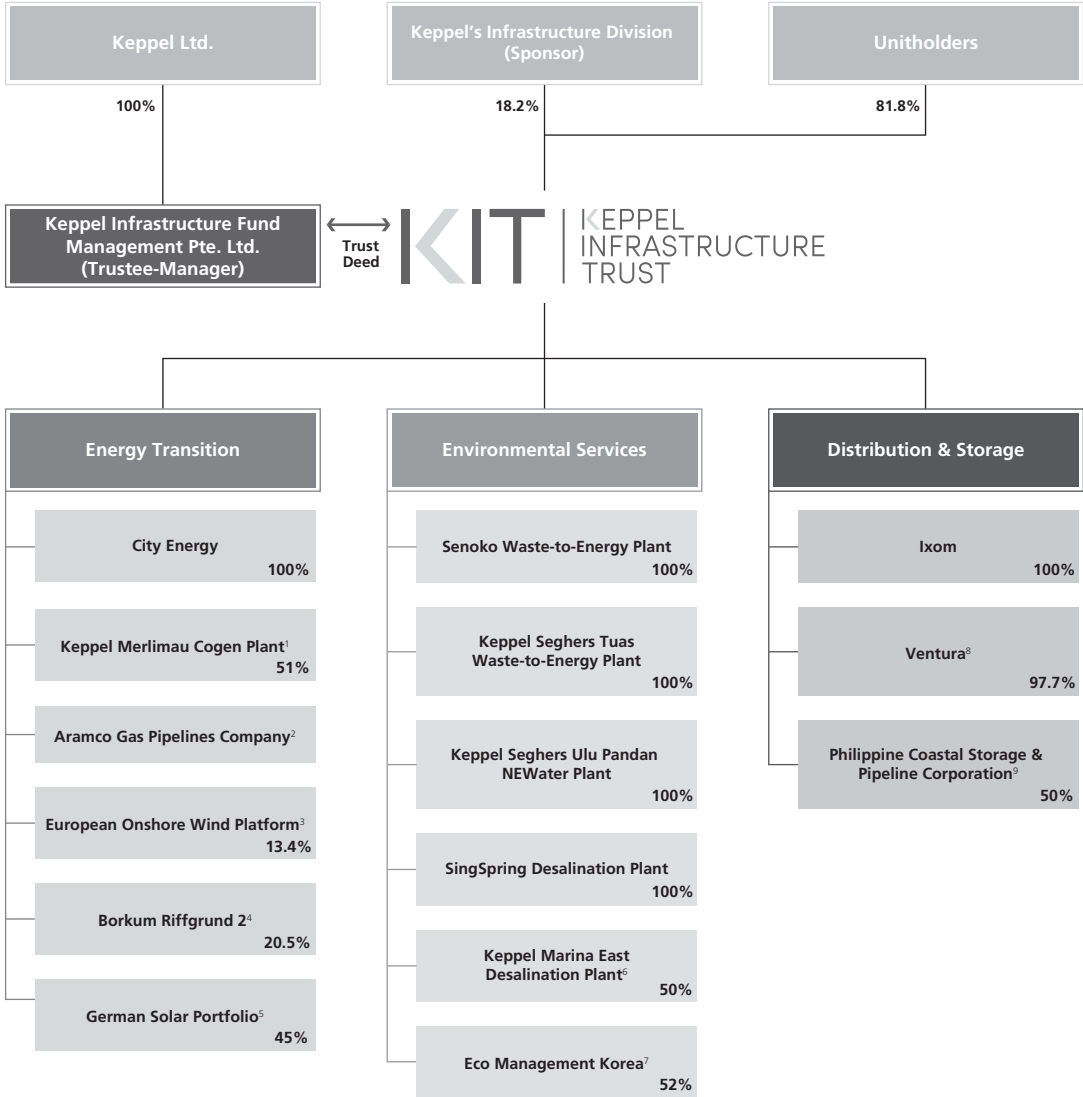

1.4 Chapter 9 of the Listing Manual permits a listed business trust to seek a general mandate from its unitholders for recurrent transactions of a revenue or trading nature or those necessary for its day-to-day operations such as the purchase and sale of supplies and materials (but not in respect of the purchase or sale of assets, undertakings or businesses), which may be carried out with the listed business trust's interested persons. A general mandate is subject to annual renewal.

1.5 In general, for the purposes of Chapter 9 of the Listing Manual, transaction(s) between:

- (a) an entity at risk (namely KIT, a subsidiary of KIT that is not listed on the SGX-ST or an Approved Exchange, or an associated company of KIT that is not listed on the SGX-ST or an Approved Exchange, provided that the Group, or the Group and its interested person(s), has control over the associated company); and
- (b) any of its interested persons (namely the Trustee-Manager (acting in its personal capacity), a related corporation or related entity of the Trustee-Manager (other than a subsidiary or subsidiary entity of KIT), a Director, CEO or controlling shareholder of the Trustee-Manager, a Controlling Unitholder or an Associate of any such Director, CEO, controlling shareholder or Controlling Unitholder),

would constitute an interested person transaction.

2 RATIONALE FOR THE IPT MANDATE

2.1 It is envisaged that in the ordinary course of their business, transactions between members in the EAR Group (as defined below) and KIT's interested persons are likely to occur from time to time. Such transactions would include, but are not limited to, the obtaining of goods and services in the ordinary course of business of the EAR Group from KIT's interested persons.

2.2 In view of the time-sensitive nature of commercial transactions and the frequency of commercial transactions between members in the EAR Group and KIT's interested persons, obtaining the IPT Mandate pursuant to Chapter 9 of the Listing Manual will enable:

- (a) KIT;
- (b) subsidiaries of KIT (excluding subsidiaries listed on the SGX-ST or an Approved Exchange); and
- (c) associated companies of KIT (other than an associated company that is listed on the SGX-ST or an Approved Exchange) over which KIT and its subsidiaries (the "KIT Group"), or the KIT Group and its interested person(s), has or have control,

(together, the "EAR Group", each an "EAR"), or any of them, in the ordinary course of their businesses, to enter into the categories of transactions set out in paragraph 6 below with the specified classes of KIT's interested persons set out in paragraph 5 below which are necessary for the day-to-day operations of KIT, provided such Interested Person Transactions are made on normal commercial terms.

3 BENEFIT TO UNITHOLDERS

The IPT Mandate would eliminate the need for KIT to announce, or to announce and convene separate general meetings from time to time to seek Unitholders' prior approval for any potential interested person transaction that may arise from time to time, thereby substantially reducing administrative time, inconvenience and expenses associated with the convening of such meetings (including the engagement of external advisers and preparation of documents) on an ad-hoc basis, without compromising the corporate objectives of KIT and/or adversely affecting the business opportunities available to the Group.

4 SCOPE OF THE IPT MANDATE

4.1 The IPT Mandate will cover the transactions arising in the ordinary course of business as set out in paragraph 6 below.

4.2 The IPT Mandate will not cover any Interested Person Transaction which has a value below S\$100,000 as the threshold and aggregate requirements of Chapter 9 of the Listing Manual do not normally apply to such transactions. The IPT Mandate would, however, cover Interested Person Transactions with values below S\$100,000 entered into during the same financial year and which are aggregated by the SGX-ST under Chapter 9 of the Listing Manual and treated as if they were one Interested Person Transaction which has a value of S\$100,000 or more.

4.3 Transactions with Interested Persons which do not come within the ambit of the IPT Mandate will be subject to applicable provisions of Chapter 9 of the Listing Manual and/or other applicable provisions of the Listing Manual.

5 CLASSES OF INTERESTED PERSONS

The IPT Mandate will apply to the Interested Person Transactions which are carried out with the following classes of Interested Persons:

- (a) the sponsor of KIT⁽¹⁾, which is a Controlling Unitholder, and its Associates;
- (b) a director, chief executive officer or controlling shareholder of the Trustee-Manager;
- (c) Trustee-Manager or Controlling Unitholder⁽²⁾ (other than the Controlling Unitholder described in sub-paragraph (a) above); and
- (d) an Associate of any of the persons or entities in (b) and (c) above; (each, an "Interested Person").

Transactions with Interested Persons which do not fall within the ambit of the IPT Mandate shall be subject to the relevant provisions of Chapter 9 of the Listing Manual.

Notes:

(1) The sponsor of KIT is Keppel Infrastructure Holdings Pte. Ltd.

(2) Controlling Unitholder includes Temasek Holdings (Private) Limited.

In respect of the subscription or purchase of debt securities from the Interested Persons, the EAR Group can benefit from the flexibility in cash management this provides. 7 REVIEW PROCEDURES FOR INTERESTED PERSON TRANSACTIONS

7.1 The EAR Group has established the following procedures to ensure that Interested Person Transactions are undertaken on an arm's length basis and on normal commercial terms.

7.2 In general, there are procedures established by the EAR Group to ensure that the Interested Person Transactions with Interested Persons are undertaken on an arm's length basis and on normal commercial terms consistent with the EAR Group's usual business practices and policies, which are generally no more favourable to the Interested Persons than those extended to unrelated third parties, and will not be prejudicial to the interests of KIT and its minority Unitholders.

In particular, the following review procedures have been put in place:

7.2.1 Sales of products and/or services to an Interested Person

The review procedures are:

- (a) current market prices from a reliable source are to be used as the basis for pricing. Prices for sale of products and/or services to an Interested Person are to be:
 - (i) based on comparable prices to at least two unrelated third party customers for similar products;
 - (ii) competitive with comparable alternate products available to customers; and
 - (iii) consistent with the usual margin sold by the company/trust for similar types of products,to ensure that the price and terms extended to Interested Persons are no more favourable than those extended to unrelated third parties for the same or substantially similar types of products and/or services;
- (b) where the prevailing market rates or prices are not available due to the nature of the service to be provided or the product to be sold, the EAR Group's pricing for such services to be provided or products to be sold to Interested Persons is determined in accordance with the EAR Group's usual business practices and pricing policies, consistent with the usual margin to be obtained by the EAR Group for the same or substantially similar type of contract or transaction with unrelated third parties. In determining the transaction price payable by Interested Persons for such services or products, the Approving Authority will take into consideration factors such as, but not limited to, quantity, volume, consumption, customer requirements, customer's available alternate product/service, specifications, payment terms, contractual compliance, duration of contract and strategic purposes of the transaction will be taken into account; and
- (c) all sales transactions which are Interested Person Transactions with contract value above S\$100,000 are to be documented and approved using prescribed evaluation form.

7.2.2 Purchase of products and/or services from an Interested Person (including cost sharing arrangements)

The review procedures are:

- (a) quotations are to be obtained from at least two unrelated third parties supplying the similar type of products and/or services. The tender process, if applicable, shall be conducted with transparency and in an equitable manner to all parties, with proper tendering procedures and evaluations;
- (b) the quotations will be used as a basis for comparison to ensure that the price and terms:
 - (i) extended by the Interested Persons are no less favourable than the price and terms offered by such Interested Persons to unrelated third parties; and
 - (ii) are comparable to those offered by unrelated third parties for the same or substantially similar type of products and/or services.

In determining whether the price and terms offered by the Interested Person are fair and reasonable, the capacity, reliability, suitability, quality of the product or services and the experience and expertise of the supplier Interested Person shall be taken into consideration. The prices are to be in accordance with the existing agreement if there is a contractual agreement signed with an Interested Person;
